

# WHOLE HOME SYSTEMS

Customize your home's air naturalization; structured by Restore Zones.

ZONE 1

**ZONE 1** Quality air in **BEDROOMS** is essential considering that we spend around 30% of our lives sleeping. Healthy air is especially important for seniors, babies and kids.

ZONE 2

**ZONE 2** Fresh, clean air in **COMMON AREAS** is important for keeping your environment and family healthy, particularly during cold & flu season.

ZONE 3

**ZONE 3** The **KITCHEN** is a breeding ground for germs and bacteria, which is a large concern around food. AirRestore is so powerful it helps keep your surfaces clean and healthy!

ZONE 4

**ZONE 4** Use an AirRestore unit in **BASEMENTS** and **LAUNDRY ROOMS** to control odors, germs, mold and mildew growth, litter box odors, and more.

Odor/Urine from Fabrics

Healthy Air for Babies

Helpful for Senior Living

Battle Asthma Triggers

Virtually Eliminate Allergens
